A New York Adirondack Natural Wonder

GEOLOGY & NATURE

Self Guided Exploration Tours

The massive stone bridge arch - the **LARGEST marble cave entrance in the east** - dominates this **spectacular display of ancient Adirondack geology from rock over one billion years old**. Take a walking stick, map, and camera and set out on a self-guided, above-ground, natural stone step nature trail and experience up-close the many unique rock features, such as potholes, grottos, a gorge and mill site waterfalls. Descend into lighted surface caves with raging waterfalls or tranquil dark pools. To learn more, see the Adirondack memories display or view a free PBS video describing the history and geology of the caves.

Guided Adventure Tours

Reservations for a real cave crawl experience at www.stonebridgeandcaves.com.

ADVENTURE

Food, Fossils, Fine crystals & Fun

After exploring the caves, relax in a large family swings or enjoy homemade fudge in a wooded picnic area. Uncover museum grade bones in the **free DinoDig** or discover an extensive **Rock Shop** that offers many fine crystals, gems, fossils and bookends and 8 diamond saws to cut Mexican Geodes for you—each with a beautiful design.

EXPANDING Adventure Park

Play the 9 hole **Frisbee Golf Course**. Enjoy finding gems, fossils or arrowheads by **Gemstone Mining** or put on a hardhat & light and keep the treasures you find in the **Gold Rush Mine** or **Crystal Quest Mine**. Fish feeding, jewelry making or the **Cavekid Bouldering Wall** are additional fun activities for the kids.

SNOWSHOE TOURS IN WINTER
